

Specialty Rolls Done Right

July 15, 2026

Mr. Tom Heagerty
Lockport C.S.D. Food Service Director
130 Beattie Avenue
Lockport, NY 14094

Dear Mr. Heagerty,

It is my pleasure to provide this letter of confirmation to you and the Lockport C.S.D., verifying Rocco's Rolls specialty egg rolls are manufactured and produced here in the U.S.A.

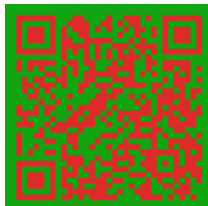

Our headquarters are located at 6425 Dysinger Rd., Lockport, NY. 14094. Our USDA certified manufacturing and production partner, Santora's Fruit Fresh Up, is located at 2928 Walden Avenue, Depew, New York 14043.

Being raised in Lockport, NY., and part of the LHS graduating class of 1994, I have always wanted to bring something of value back to Western NY. Joining Rocco's Rolls and teaming up with a group of classmates and lifelong friends is making this a reality.

I/we want to thank you again for taking the time to review Rocco's Rolls and adding them to the LCSD cafeteria line up for the coming school year. We will make sure we support you and LCSD with a quality product we wholeheartedly stand behind. I guarantee our specialty rolls will put a smile on the kids' faces and district staff members while satisfying their appetite with a quality product.

Sincerely,

Michael J. Giles
Director of Sales and
Brand Development
